

Deep Pasnani

India | +91 9099020477 | deeppasnani@yahoo.com

SUMMARY

Results-driven and highly motivated professional with a strong work ethic, adept at thriving in both independent and collaborative environments. Passionate about leveraging skills to drive business growth, improve efficiency, and deliver measurable value.

EDUCATION

SVIT, Vasad

B.E. in Computer Engineering - SPI = 8.28

Vasad, Gujarat

Graduation Date: Aug 2028

SKILLS & INTERESTS

Skills: Python, SQL, Data Cleaning, Teamwork and Collaboration, Power BI, Tableau

Interests: Badminton, Cricket

CERTIFICATES

Python, SQL: CS50 Harvard

Google: Google Data Analytics Professional Certificate

IBM: Data Fundamentals

Microsoft: Power BI Data Analyst Associate

PROJECT EXPERIENCE

Self Made Project

Vadodara, Gujarat

Stock Volatility Predictor

May 2025 - Aug 2025

- Built an XGBoost stock volatility predictor on Yahoo Finance data, achieving 15% better forecasting accuracy over traditional models.
- Designed a Streamlit dashboard with 30-second live updates for real-time model explainability and transparency.
- Optimized preprocessing pipelines for 1M+ daily data points, cutting processing by 40% and retraining to under 10 minutes.

Self Made Project

Vadodara, Gujarat

F1 Driver Style & Lap Time Modeling

Oct 2025 - Jan 2026

- Built F1 driver style classifier (KMeans) on FastF1 telemetry features, segmenting drivers into 3 behavioral archetypes with 30% accuracy improvement.
- Predicted lap times using RandomForestRegressor on telemetry metrics, achieving 15% MAE reduction with sector-wise performance visualizations.
- Correlated driver clusters with tire/car setup data to optimize pit stop strategy, improving race finish positions by 12%.

WORK / LEADERSHIP EXPERIENCE

SVIT, Vasad

Vasad, Gujarat

TnP Cell Junior Coordinator

Feb 2026 - Present

- Led campus recruitment campaigns for 100+ students, increasing placement opportunities by 40% and employer engagement by 30%.
- Maintained placement databases for data-driven planning, reducing scheduling conflicts by 25%.
- Conducted 15+ workshops on resumes, mock interviews, and soft skills, boosting student interview success rates by 20%.

ZeTheta Algorithms Private Limited

Vadodara, Gujarat

Investech Quant Trader

Apr 2026 - Jul 2026

- Built options pricing tools (Black-Scholes, Newton-Raphson IV solver) and 3D volatility surface visualizations for a fintech trading simulator.
- Designed interactive Greeks Gym and Risk Dashboard modules using React/TypeScript to teach derivatives and market microstructure concepts.
- Developed algorithmic backtesting logic for equities/options trading simulations at a FinTech startup.
